

H2020 ERIGrid Project Consultation with Energy Professionals and Manufacturers

On 5 October at 13:00 CET ERIGrid invites **utilities, standardisation organisations and industry/manufacturers** to an open consultation at the **European Utility Week 2017 in Amsterdam (NL)**.

Participants will gain insight into recent developments in **holistic system integration, validation procedures, and simulation methodologies** in ERIGrid.

Manufacturers and energy professionals will be asked to provide **feedback on the ERIGrid activities**.

Where:

European Utility Week 2017, Amsterdam (NL)
RAI Amsterdam, Auditorium Centre
Entrance G, Room G109

When:

5 October, 2017, 13:00 CET

Who:

Representatives of **utilities, standardisation organisations, industry/manufacturers** and ERIGrid

Registration:

Participation in the ERIGrid consultation is free of charge. **Number of participants is limited**. To register please express your interest as soon as possible at erigrd-mgt@list.ait.ac.at.

Participants will also gain a free pass to the exhibition of the European Utility Week.

Agenda

Introduction of the ERIGrid project

Presentation and interactive discussion of the holistic system integration and validation procedure developed in ERIGrid

Presentation and interactive discussion of project results on development and enhancement of simulation tools and methodologies
